Re.: Commendation of work done on MECHEM website

Dear Rosika,

MECHEM owes you a debt of gratitude; this is the second testimonial I have the absolute pleasure of writing. Following our first encounter when we commissioned the revamping of our main website, we tackled the latest project; designing and implementation of a canine focused website to augment our Canine Business Unit.

Thank you for your professional approach that resulted in a sterling product from our dedicated personnel as well as our canine friends.

Yours faithfully,
